

ABOUT BLACK CAT MUSIC EUROPE

Black Cat Music is proud to represent Wenger Corporation in Europe and Russia

Black Cat Music has built on 25 years of experience supplying music and performance equipment to the professional and education markets in the UK and Ireland. Black Cat Music Europe has now been appointed Master Distributor for Wenger Corporation in Europe and Russia.

Wenger is the largest manufacturer of fully-guaranteed staging and music performance equipment in the world.

To Wenger's excellent range we've added other top brand specialty equipment (which means you'll be hard pressed to ask us for something we can't supply!)

Black Cat Music Europe's products range from the humble music stand to Full Stage Acoustic Concert Shells; including specialist music furniture, performance staging and choral risers. Our website (www.blackcatmusic.com) and downloadable literature will tell you almost everything you need to know about our products and how they work.

We stock literally thousands of music stands in European and UK warehouses and offer the same care and service to all our customers, including music schools, orchestras, choirs, theatres, schools/colleges and architects across the whole of Europe and Russia.

Our expert staff are experienced at advising and supplying equipment for the diverse needs of our customers. We have specialist agents and distributors in territories across Europe. Local agents and distributors can provide the solution to your music equipment needs.

For full details of regional contacts and retail restrictions, please contact Black Cat Music Europe.

Terms & Conditions

Due to our policy of on-going development, specifications of products described in this catalogue may change without notice. We also reserve the right to alter prices without prior notice.

Every reasonable care has been taken to ensure that the reproduction of colours is as accurate as the photographic and production process will allow and that the descriptions are accurate.

Black Cat Music is a trading name of British Harlequin plc, Company Reg. No. 1420396. Our registered office is: Festival House, Chapman Way, Tunbridge Wells, Kent TN2 3EF, UK.

Wenger Corporation has appointed Black Cat Music the Master Distributor for its products in Europe and Russia:

- Music stands and accessories
- Music chairs
- Audience and performance seating
- Backstage theatre products
- Musical instrument storage
- Music folders
- Staging and risers
- Acoustical shells

Please contact Black Cat Music Europe by telephone (+44 1892 619719) or email info@blackcatmusic.com for further information.

Wenger
Product Code:
039E500

Classic 50 Music Stand

The Classic 50 has taken the professional and education markets by storm making it the best selling stand of 2006, 2007, 2008 and 2009. Wobble-free, elegant and lightweight with no fiddly knobs or screws.

- Unique recessed desk area for pencils
- Scratch resistant desk surface and virtually unbreakable tripod base
- Special polymer material with inherent tensile strength that will not bend or dent like metal
- Quiet, rattle-free operation to give a refined performance yet tough enough to handle the hardships of the classroom
- Height adjustable from 65cm to 124cm from floor to desk lip
- Lower height stand available
- One-hand operation

Bravo Music Stand

The premier heavy-duty music stand for concerts and rehearsals.

- Polypropylene desk won't chip scratch or bend
- Accessory shelf keeps pencils and reeds to hand
- Wide colour selection and large desk height range
- Height adjustment moves up and down with a single smooth motion
- Height adjustable from 61cm to 116cm from floor to desk lip

Wenger
Product Code:
037C001

Roughneck Music Stand

Rugged all-metal stand designed for general practice and performance.

- Desk height adjuster that moves and holds with one easy motion
- Rolled steel edges and extra-durable textured black powder coat finish
- Welded base always stands up straight, never leans or wobbles and never needs tightening
- Desk dimensions 31cm x 51cm
- Height adjustable from 61cm to 117cm

Wenger
Product Code:
237A500

Preface Music Stand

The reliable, lightweight stand with an economical price, the Preface is the little sister of the ever popular Classic 50 Stand.

- Lightweight metal construction weighing only 2.9kg
- Reliable brake mechanism
- Recess in desk tray to allow stands to nest together for storage
- Constructed from lightweight aluminium
- Desk dimensions 34cm x 51cm with bolt through attachment to prevent desk from coming off
- Durable black powder coat paint finish
- Height adjustable from 65cm to 125cm from floor to desk lip

Gig Music Stand

Wenger Product Code: 143E001

For stability on the road, the Gig is supported by a broad, three-legged base to keep it stable.

- Patented fold-down design creates the ultimate travelling stand
- Features a lift arm that cantilevers the desk for a wide height adjustment
- Broad three-legged folding base and built-in handle
- Durable powder coat finish resists scratching and chipping

Gig Music Stand Bag

Black nylon tote bag with durable shoulder strap and large pocket for music and accessories.

Wenger Product Code: 143A041

Jazz Music Stand

The best fold-up music stand available.

- Assembles in 5 seconds by folding out the base, drawing up the stem and tilting the desk
- Lightweight, simple set-up, which is easy to carry and affordable making it the ideal stand for the travelling musician

Product Code: MSJA03

Jazz Music Stand Bag

The bag holds one Jazz stand and, in a separate compartment, your music and accessories.

Product Code: MSBJ03

Scherzo Folding Music Stand with Bag

VERY LIGHTWEIGHT FOLDING MUSIC STAND

Lightweight portable aluminium music stand with high quality joints making it a pleasure to fold and unfold. Features a precise and positive locking button for adjusting the angle of the desk and comes complete with a nylon carrying bag.

- Height measured from floor to lower edge of score adjustable between 49cm and 120cm
- Weight of stand: without bag 0.71kg, with bag 0.78kg
- Desk size 46cm x 29cm
- Bag size with stand inside 50cm x 11cm x 6cm

Product Code: MSSCH9

Concert Stand

AN ELEGANT YET MODERN WOODEN MUSIC STAND

With a combination of slender polished metal and natural wood, the Concert Stand perfectly complements the appearance of modern or historic concert halls.

- Height (measured from floor to lower edge of desk) adjustable between 68cm and 137cm
- Weight of stand 3.7kg
- Desk size 50cm x 33cm excluding pencil shelf area
- Stands nest for compact storage

Product Code: MS60Q3

Product Code: MS60Q6P

Concert Conductor's Stand

IDEAL FOR PERFORMANCES IN LIT VENUES, USING ALL BUT THE LARGEST SCORES

Beautifully formed from natural birch wood stained and lacquered to look like beech. The heavyweight base is coated in nylon, and the stand is locked at the desired height by a thumb screw.

- Desk size 65cm wide x 45cm
- Double lip with foam rubber lined area for pencils, batons, etc
- Height to mid point of desk adjustable from 84cm to 156cm
- Solid nylon coated base never chips

Acoustic Shield

Areas directly in front of the trumpet, trombone and percussion sections can be so loud that they cause musicians permanent hearing damage and performers may also find it nearly impossible to hear their own instruments.

- Cantilever arm extends over chair backs for prime positioning just behind the head of the musician
- Clear, unobtrusive polycarbonate blends into surroundings
- Large 58cm x 43cm shield for maximum diffusion
- Adjusts from 25cm to 109cm
- Folds compactly, with built-in carrying handle

Wenger Product Code: 143E102

K&M Sound Insulation Stand

In keeping with the European Union directive on noise abatement aimed at orchestras, the concave Plexiglass shield provides hearing protection for the musician stationed in front of other performers.

- The stand can be used on both sides, depending on requirements
- The stable tripod construction affords safe usage and a long product life
- The shield's practical prismatic "V-block" connector makes it quick and easy to connect to the stand
- Height adjusts from 90cm to 140cm
- Weight 2kg

Product Code: 11900

"At Gummersbach Music School we have been using the Classic 50 music stands for several years. They are the best stands we have, and are lightweight, stable and easy to use."

PETER EVEN, HEADTEACHER, MUSIKSCHULE GUMMERSBACH, GERMANY

TRADITIONAL WOODEN STANDS

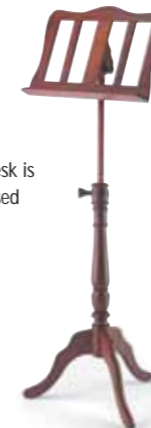

An exciting range of inexpensive period style wooden music stands. Made to the highest standard from solid rosewood, they are replicas of the type of traditional music stand which, for over a century, has been popular with musicians and antique collectors alike. Ideal for a special gift, a presentation or as a remarkable piece of furniture in any household.

Georgian Music Stand

This beautifully crafted wooden stand will accommodate the largest score and allow the player to use it either in a standing or sitting position.

- Total height of stand 152cm maximum, 110cm to desk shelf
- 119cm at lowest adjustment, 81cm to desk shelf
- Desk measures 51cm across and 34cm high
- Solid rosewood
- The height and angle of the desk is fully adjustable, so it can be used standing or sitting

Product Code: MSGE04

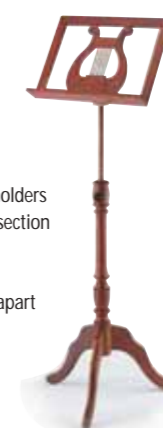

Regency Music Stand

Robust yet elegant, practical yet very stylish, this is a traditional antique looking stand featuring a music desk with a lyre centre and four decorative brass rods.

- Total height of stand 152cm maximum, 114cm minimum
- Height to desk shelf 122cm maximum, 84cm minimum
- Desk measures 47cm across, 32cm high
- Solid rosewood
- Complete with 2 optional book holders
- Four brass rods form the middle section of the music desk
- Base consists of three legs which are spaced approximately 48cm apart

Product Code: MSRE05

Victorian Music Stand

An outstanding piece made to the highest standard with hand carving and ornate features.

- Total height of stand 152cm
- Height to desk shelf 100cm to 110cm
- Available with single or double music desk options
- Solid rosewood
- Hand carved base with fluted pillar and brass fittings

Product Code: MSVI06

Product Code:
MSCJA7

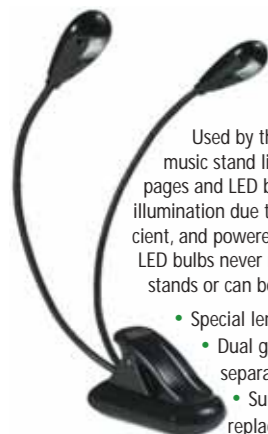

Move & Store Cart Large

Product Code:
039B202

Similar features to the small Move and Store Cart.

- Large and small wheels work together for smooth travel and great control around corners
- Loads and unloads from both ends
- Holds 18 Bravos, 20 Classic 50s, 22 Roughnecks or 22 Preface stands

LIGHTS FOR MUSIC STANDS

Mighty Bright Duet XtraFlex™ Light

Used by the top musicians in the world, this truly innovative music stand light has fully adjustable goosenecks to cover two pages and LED bulbs that never need changing. With smooth, even illumination due to a special lens, this music stand light is energy efficient, and powered by 3 x AAA batteries giving up to 30 hours' use. The LED bulbs never need replacing and the XtraFlex™ clips on to music stands or can be used as a handy freestanding lamp.

- Special lens spreads light evenly with no hot spots
- Dual goosenecks and lights with separate switches
- Super LED as bright as 3 regular LEDs and never needs replacing

- Clip-on or freestanding
- 3 x AAA batteries included giving up to 30 hours' use
- Beams point in any direction and lights coil for compact storage
- Compact and practical, only 7cm x 5.7cm x 5cm when collapsed
- Weight: 0.09 kg

Product Code:
MSLXFD

Mighty Bright Duet 2

The professional music stand light with double the brightness! The optional AC adaptor provides an added benefit for orchestras and bands using controlled lighting. What's more, the Duet 2 lights more than two pages of sheet music at once.

- Four different light level options
- Dual flexible arms provide infinite manoeuvrability
- Two lighting heads, each containing two large LEDs
- Sensor switches on each lighting head require just a tap to turn on one or both LEDs
- Compact storage
- Strong clips will grip almost anything or can be used free-standing
- Offers 20 hours of continuous use with 3 AAA batteries

Product Code:
MBD2

Mighty Bright Single XtraFlex™ Light

A multipurpose music light that can be used by everyone from musicians, schools, and orchestras, to book readers. The Mighty Bright XtraFlex™ is a powerful music light using one bright LED, with a compact design that fits into almost any instrument case. This light can be used as a gig or practice light, and can be taken everywhere.

- Even illumination with no hot spots
- Fully adjustable beam and extra long flexible arm that can be moved to any position

- Clip-on or free-standing design that can be as easily attached to a music stand as placed on a piano
- LED Bulb never needs replacing
- 3 x AAA batteries included giving up to 30 hours' use
- Arm collapses for pocket-sized portability
- Compact and handy size, only 7cm x 5.5cm x 5cm when folded up
- Weight: 0.07kg

Product Code:
MSLXFS

AC Adaptor for Duet 2

Save money on batteries – this lightweight and long power cord allows you to plug in and light your sheet music just about anywhere. Power plug/socket choices are Shuko (Euro) or UK.

Product Code:
ACDUE2

Mains-Operated Music Stand Light Single

Product Code:
MSLS01

Mains-Operated Music Stand Light Double

Product Code:
MSLDO2

Music stand lights with black light shades.

- Three-way tilt adjustment for precise placement
- Two metre electrical cable with on/off switch
- Use only tubular bulbs (included) with a maximum rating of 25 watts. Extra bulbs available at £3.00 each
- Indoor use only. Screw-on clamp adjustable up to 20mm

Battery Pack and Battery Charger

No need to plug your Lightwand into the mains electricity with this optional additional battery pack and charger.

Product Code:
MSLWM/BU & MSLWM/BC

LightWand

A brilliant new lighting system for musicians. Even spread of illumination for exceptional clarity of score.

- Glare-free light control – light penetrates theatrical effects of smoke and fog
- Lightweight, it avoids over-balancing music stands
- Five-year guarantee on Beadlight lamp head unit
- Each LightWand includes Beadlight lamp head, flexible arm with clamp and mains adaptor (power plug/socket choices are Schuko (Euro) or UK).

Product Code:
MSLW04

Elegant, high-quality folders with brass-bound corners to give a sense of identity to your group of musicians or singers. Custom gold-blocking available to order on all folders.

Black Cat

Mastersinger Folder

Designed as the ultimate folder. Hand-stitched in luxury leatherette with brass bound corners, metal reinforced and hinged spine, hand strap and inner cross-strap. Available in black only.

“The music folders are excellent quality and allow our singers to organise a large number of scores. They create the professional appearance we need – we would highly recommend them.”

Posture Chairs

Specially designed for music students to give proper support, even weight distribution and increased comfort.

Encore Chair Product Code: MCEN11

Versatile chair with a range of accessories to meet all needs.

- Rounded seat front for added comfort
- Slender back support design promotes freedom for arms while playing
- Seat and back pads are fitted to a sturdy tubular frame
- Choice of colours, contact us for details
- Black frame

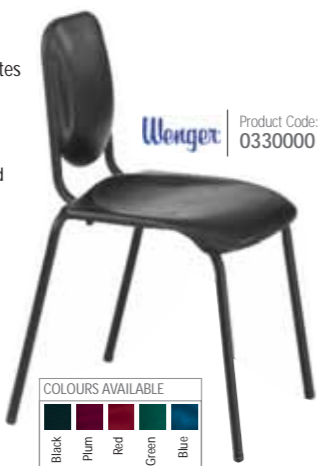

“The Encore Chair is fully supported by the Royal Northern College of Music.”

MARTIN ANGELL, PURCHASING MANAGER, ROYAL NORTHERN COLLEGE OF MUSIC, UK

Nota Standard Chair

No other chair promotes easier breathing and freedom of movement or accommodates such a wide variety of seating positions, body types and musical styles.

- Narrow convex back provides lumbar support while still allowing for freedom and range of movement
- Wear-resistant polypropylene seat and back promote even weight distribution, greater comfort and a lasting appearance
- Two seating zones: “engaged” (rear) and “perched” (forward)
- Chairs stack for compact storage
- Available in 3 seat-to-floor heights: 44cm, 48cm and 52cm
- Black, chrome or grey frame

Nota Premier Chair

All the features of the Standard Nota Chair but with a padded upholstered seat and back for extra comfort.

Choice of black, grey or chrome frame

Wenger Product Code: 0320000

Musician Chair Product Code: 0920000

Perfect posture with added comfort, because musicians need superior comfort for their practice and performance schedules.

- Suitable for professional or Higher Education environments
- Superior comfort with extra padding and contoured seat cushioning
- Generously sized seat and back provide superlative support
- Strong durable construction
- Available in 6 colours and 3 seat-to-floor heights: 41cm, 44cm and 47cm
- Accepts folding tablet arm and book storage rack
- Choice of black or chrome frame

Cellist Chair

Puts cellists in the optimal lean-forward position, with an exclusive back-support system for stability and comfort during both cello practice and performance, ideal during long rehearsals.

- Extra forward pitch provides the ideal lean and balance requirements of a cellist
- Fully cushioned seat and back with non-slip surface for long-lasting comfort
- Strong, durable steel frame
- Standard 47cm seat-to-floor frame height
- Choice of black or chrome frame

Wenger Product Code: 0940000

Student Chair

No other chair matches the Student for quality, durability and reliable performance.

- Patented design incorporates wear-resistant polypropylene seat and extra strong square gauge framing for durability
- Generously sized to provide proper support and range of movement
- Only available in black
- Choice of black or chrome frame
- 3 seat-to-floor frame heights: 41cm, 44cm and 47cm

Wenger Product Code: 0930000

“The Student Chairs are comfortable and prevent slouching. We’ve had no breakages at all, which is unbelievable! I just can’t buy this quality of chair for this price anywhere else.”

MRS. L. COLE, BURSAR, BRISTOL CATHEDRAL SCHOOL, UK

“The Soloist is a delightful musician’s chair. Simply brilliant!”

FRANCES SANDERS, PROFESSIONAL CELLIST, LONDON SYMPHONY ORCHESTRA, UK

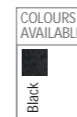

Soloist Chair

With infinite adjustment in almost every plane, the Soloist is the professional’s choice.

- Each leg independently adjusts to a wide height and tilt range
- The chair back tilts, adjusts vertically and horizontally and the ergonomically shaped and generously upholstered seat ensures long term comfort
- No other chair can so exactly match the requirements of every musician from violinist to percussionist

Wenger Product Code: MCS006

Tempo Chair

Sought after by the world’s finest orchestras, theatres, learning institutions and military bands, the Tempo Chair is the world’s choice for musician seating. Its ergonomic design enables correct lumbar support to encourage good posture and comfort, even after hours of playing.

- Tubular steel frame
- Lumbar support in the middle of the back to encourage full and unrestricted breathing -useful for wind players
- Slight curve in back support to provide comfort in a range of straight and rotated positions
- Orientation of the legs permits a series of 6 chairs to be stacked one above the other
- Flat upholstered seat to enable a range of positions and angles in relation to the back
- Waterfall front prevents restriction of blood supply in the lower legs
- Seat height ranges from 39cm to 52cm. Mechanical adjustments for seat height in both front and back pairs of legs, allowing selective adjustment in the length of the legs. Alternatively each pair of legs can be adjusted individually enabling varying degrees of seat tilt, which can be achieved quickly and quietly without putting the instrument down (adjustment max 12.5cm)
- Trolley available

New Product!

Wenger Product Code: MCTEFA

Symphony Chair Product Code: 0970000

Professional chair offering total support, contoured cushioning and classic elegant black styling.

- Adjustable angle means string and wind instrument players accommodated
- Premium durable upholstery and generous padding make a supremely comfortable chair
- Available in 2 seat-to-floor frame height choices: 47cm and 50cm
- Generously sized seat and back provide proper support and range of movement

WORKSTATIONS

Class Piano Workstation

This smart, solid platform is the easiest way to organise piano space for computer instruction. All components are within easy reach without crowding the piano keys, controls or speakers.

COLOURS AVAILABLE

- Special suction cups securely fasten the station to the top of most stand-alone 76-key and 88-key digital pianos
- Ergonomically designed station positions all elements within comfortable reach and the monitor can be put on either side to create the best sightlines
- Transparent acrylic music holder slides over the lip of the desk to hold music at eye level without creating a visual barrier to the front of the room
- Computer keyboard shelf slides over the piano keys, providing simultaneous fingertip access to both keyboards
- Durable, reinforced construction won't bow under even the heaviest loads
- W 152cm x D 46cm x H 13cm

Stereo Workstation

The ultimate in stereo convenience, the Stereo Workstation keeps all your digital equipment organised and ready for use at a moment's notice.

- Optional speaker shelves and turntable drawer

Turntable Drawer

Optional turntable drawer for stereo workstation

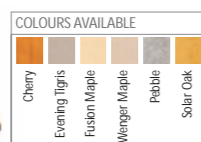

- Rack-mountable, slide-out drawer for turntable
- Size 43cm x 38cm

Speaker Shelves

Optional speaker shelves for stereo workstation.

- Two 35cm x 39cm shelves mounted externally on either side
- Shelves fold down when not in use

Percussion Workstation – Standard

A lockable storage solution and practical work area for small percussion instruments all rolled into a single durable, portable product.

- Pop-up music desk, cymbal cradle and suspended cymbal holder available as optional extra. See Black Cat Website for details.

Percussion Workstation – Deluxe

Deluxe version of the lockable storage solution and practical work area for small percussion instruments all rolled into a single durable, portable product.

- Includes pop-up music desk, cymbal cradle and cymbal holder

Music White Board For Wall Mounting

4 pre-printed staves 90cm x 120cm

Large Music White Board For Wall Mounting

6 pre-printed staves 120cm x 180cm

- These boards accept magnets
- Single sided
- 20cm pen tray included
- Wall mount boards **cannot** be used with white board stands

Music Lab Workstation

Streamlined, mobile and highly functional, it puts everything within comfortable reach. Perfect for classes that use 61-key music keyboards. Music Lab Workstations eliminate the disruption caused by stacked equipment and tangled cables by putting everything within comfortable reach, without hindering sightlines.

- Reinforced construction won't bow under even the heaviest load
- Heavy-duty 14-gauge steel frame
- Durable 19mm plywood construction on top and back panels
- 19mm particle board construction on sides
- Music keyboard shelf built with sturdy 30mm Medite core construction
- Pull-out tablet arm on right side
- Rear and locking front castors
- Includes clear acrylic music holder
- W 126cm x D 81cm x H 90cm

Music Lab Workstation – Adjustable Height

- Adjustable height frame raises desk from 72cm to 90cm

Music Lab Workstation – Adjustable Height 8 outlet

Music Lab Workstation – Adjustable Height 6 outlet

Music Lab Workstation – Expanded

The Expanded Music Lab Workstation features a wider desk surface to accommodate 88-key music keyboards. It also offers additional space for rack-mount components.

- H 99cm x D 81cm x W 156cm

Gearboss Shelving

The affordable, flexible, durable solution for shelving and storage needs which works well for music instrument and equipment storage as well as theatre garment and prop storage. The cantilever design optimises overhead space and keeps the floor free for other storage such as carts and boxes.

- Choice of solid compartment doors or no doors
- Holes at 2.5cm increments provide easy adjustability
- Each bay is load-rated at 450kg
- Easy installation and relocation
- Shelves adjust by hand - no tools required
- Available in bays 122cm x 244cm

AcoustiCabinets

After working closely with acoustical consultants, Wenger has developed an instrument storage cabinet that combines specially designed grille doors, acoustically absorptive material and reliable durability to produce storage that can help enhance the room's acoustical performance.

- Waterfall design on grille doors provides a distinctive look, minimises a room's cubic volume loss and reduces vibration
- Solid steel lockable doors provide protection from theft or damage
- Environmentally friendly, acoustically absorptive material helps eliminate sound reflection
- Available in several standard colour combinations as shown here and on page 11

Wenger Custom Instrument Storage Cabinets

Wenger Storage cabinets are available in a wide variety of configurations, colours and sizes. They are ideal for the safe storage of instruments such as clarinets, flutes, piccolos, oboes, trumpets, saxophones and many more. Please call or e-mail for more information or to arrange for a member of the Black Cat team to visit and discuss the most suitable option for your needs.

- Choice of solid doors or no doors
- Polyester laminate and thermo-fused composite wood core resists chipping and looks new years longer than other laminates
- Shelves feature ventilation ridges and rounded lips, improving airflow crucial to musical instrument and equipment longevity
- Solid-steel lock bars close in consistent alignment
- Available in different heights to meet your students' needs
- Available with right- or left-hinged doors (left-hinged is standard)

STRINGED INSTRUMENT RACKS

Strings are beautiful, elegant, expensive - and also very fragile - so our Stringed Instrument Racks will take great care of your valuable instruments. The stable design keeps strings safe during storage and transport, and the smooth-rolling caddy lets you roll them anywhere without worrying about bumps, nicks or scratches. The racks store flush in a compact footprint that takes very little floor space. Available in a choice of 6 colours.

Bass Rack 3-unit

- Protection and transportation for string basses
- Closed ends for extra protection
- Spacing for instruments half-size and up
- Smooth-rolling design for easy transport through doorways in and out of rehearsal and performance areas
- Weight 30.8kg

Wenger Product Code: 148F003

Bass Rack 4-unit

- H 154cm x W 205cm x D 66cm
- Weight 34kg

Wenger Product Code: 148F004

3-tier Violin/Viola Rack

Solid space saving protection for your most fragile instruments. Available with or without castors.

- Single 3-tier unit accommodates 24 stringed instruments in cases
- Keeps instruments safe during storage and transport
- Accommodates shaped and oblong cases

MUSIC LIBRARY SYSTEMS

“ The Music Library System is such an efficient use of space – it means we can keep our library in our main office. It works extremely well and we’re all really pleased with it.”

DAVID CROOK, HEADTEACHER, AMERSHAM MUSIC CENTRE, UK

4 units

High-density slide-out design cuts storage space by nearly two-thirds. The library also organises music with a systematic approach that can save hours searching. Adjustable shelves store all sizes of music up to 23cm x 30cm. Designed to accommodate music filing boxes, end-tab file folders and envelopes. 7-shelf units are 235cm high requiring a minimum ceiling height of 2.4m.

INSTALLATION PRICE ON APPLICATION

- Six 9cm swivel castors for easy manoeuvrability

* When ordering Piano Trucks please indicate make, model and diameter of piano castors

Wenger Product Code: 1106204

Tourmaster

The easiest-to-move, easiest-to-set-up riser on the market, Tourmaster goes anywhere.

- Perfect for facilities in which risers must travel up and down stairs and around tight corners
- Folds up smoothly and rolls with the stability and ease of a two-wheel cart
- Great for travelling choirs and music service use
- Extremely compact footprint for efficient storage
- New silent 'lift assist' feature
- Set up time is less than a minute.
- Ask to see our video or a demo

3-Step Riser 1.2m Wenger Product Code: 024F802

1.2m long/46cm step

3-Step Riser 1.8m Wenger Product Code: 024F806

1.8m long/46cm step

4th Step Addition 1.2m Wenger Product Code: 024F710

Adds a 4th step in seconds and requires no tools – can be adjusted to reverse.

- Fits 1.2m risers

4th Step Addition 1.8m Wenger Product Code: 024F707

- Fits 1.8m risers

Backrail 1.2m

No tools required backrail for the 1.2m risers - attaches in seconds and is light to carry.

Wenger Product Code: 024E763

Backrail 1.8m

No tools required backrail for the 1.8m riser - attaches in seconds and is light to carry.

Wenger Product Code: 024E778

Side Rails

Pair of side rails to fit all lengths of Tourmaster risers with no tools required.

Wenger Product Code: 024F017

“Our Tourmaster Risers allow us to put over a much better image, not only because we can all be seen but because they allow us to parade on and off the stage in a much more professional manner. For performance they are marvellous, the audience can see us clearly, we can all see our musical director and hence hopefully sing better.”

LES DEBENHAM, MENDIP MALE VOICE CHOIR, WALES

Move & Store Cart

The Tourmaster Cart is the ideal way to move and store multiple risers. Each cart holds up to 4 Tourmaster choral risers, backrails and 4th step additions. No other comparable riser sets up so easily or stores in less space.

Wenger Product Code: 024F952

STAGING

We offer three different sets of staging, depending on the needs of your establishment. All staging has the following features:

- Heavy-duty construction ensures the stability, safety, and strength needed for show choirs, musicals, and other heavy-use activities
- Extremely quiet with no moving parts to rattle or clang
- Embossed phenolic overlay surface provides excellent traction, even when wet and won't curl or peel, which helps prevent tripping
- Camlock unit-to-unit connector provides a safe, solid connection between units
- Decks constructed of solid 19mm exterior-grade plywood
- Optional skirting, stairs, and guardrails are also available

Stagehand Wenger Product Code: 178A515

Easier to handle than any other one-person-set-up stage; just roll it where you need it and the gas-assisted springs help you lower it smoothly and safely into position. Integrated platform and leg connectors make set-up simple, fast and intuitive – all without tools. Available with natural hardboard or grey carpeted surface.

Trouper Wenger Product Code: 176A107

Built with superior structural integrity to stand up to years of heavy-duty use, perfect for straightforward set-ups that don't need to be reconfigured often. Fixed-height legs unfold quickly to make set-up even easier and no tools required. Available with natural hardboard or grey carpeted surface.

Signature Riser

The riser with every advantage you can imagine in a single, easy-to-handle design.

- Lightweight and simple to set up, Signature offers classic black styling and superb stability
- It's also easy to manoeuvre and specially designed for compact storage
- Riser includes back rail for safety

“ The Signature risers make our school choir look really impressive now at concerts and, as a conductor, it is a joy to see every face! I would highly recommend them to anyone. ”

LIZ JACKSON, DIRECTOR OF MUSIC, MILLFIELD PREP. SCHOOL, GLASTONBURY, UK

4-Step Riser

Folded dimensions: 2.0m wide x 0.8m deep x 2.0m high

Wenger Product Code: 098B004

4th Step Addition Kit

Special kit converts 3-step riser to 4-step model.

- No tools required
- Can be fitted in seconds and adjusted to reverse

Wenger Product Code: 098B016

Side Rails

Pair of side rails, solidly built to add stability to every riser set-up.

- Smart design attaches quickly and securely to the backrail and frame of your existing system
- No tools required

Wenger Product Code: 098B007

3-Step Riser

Folded dimensions: 1.8m wide x 0.7m deep x 1.7m high

Wenger Product Code: 098B003

Peery Folding Riser Chair

Designed for singers who find it difficult to stand for long periods.

- Padded swivel seat
- Seat folds and lifts off for transport
- Screw clamp secures the base to the riser step
- Four locking adjustments for the seat and four for the footrest
- Lightweight - just 15kg but supports weight of up to 210kg

Peery Product Code: PEER01

Versalite Wenger Product Code: 133H803

An advanced, ultra-flexible system designed for facilities. Whether you order Versalite as a stage or seated riser, you get a system that can easily reconfigure into multilevel stages. It's the all-in-one system that doesn't compromise strength, durability, or ease of set-up.

Round Versalite Wenger

Round and pie-shaped platforms available

Make-Up Station Product Code: 187A007

- Install a professional make-up station wherever you need one.
- Light columns give performers clean, shadow-free illumination
 - Moulded-in pencil tray and overhead shelf for additional storage space
 - Steel laminated construction keeps the mirror from curving or splintering
 - Permanently-mounted 5mm diameter steel wire light bulb cages
 - The unique design allows for a shared column of lights between adjacent make-up stations. The 9 and 6 light make-up stations work in conjunction with each other as do the 8 and 5 light make-up stations

 Royal College of Music

Upper Deck Seated Tiered Risers

Large capacity versatile tiered riser system that is easily configured to suit your performances. Upper Deck is an innovative way to add large-capacity seating with minimal effort and in very little time. Just roll it out, unfold it, and lock it all together.

- Two deck surface choices: black phenolic overlay or tempered hardboard
- Decks are also available with an optional acoustic honeycomb core
- Two deck standard sizes: 91cm x 244cm and 122cm x 244cm
- Custom sizes available

Diva Full Stage Acoustic Shell

Wenger

Diva gives a visually stunning backdrop that's audibly magnificent and its mobile architecture gives you the appearance of a beautiful, permanent wall in a smart system that's extremely mobile and compact for tight storage. From its elegant design to its remarkable impact on acoustics, Diva takes sound artistry to a new level of excellence. It is, without doubt, the most advanced full-stage acoustical shell of its kind.

Engineered and built to the highest possible standard, the all-aluminium frame provides exclusive advantages, including longer-lasting rigidity and easy operation. Diva also gives you the unique advantages of the Air Transporter, which allows one person to move Diva towers on a cushion of air. Ideal for medium and large theatres, particularly those requiring high-end aesthetic coordination.

- Modular design for ensembles to full orchestras
- Ideal for medium and large theatres, particularly those requiring high-end aesthetic coordination
- Rich full-stage acoustics for improved sound projection
- Safe, fast and easy set-up with a small crew and exclusive Air Transporter
- Built-in levelling pads
- Tower and ceiling panel framework constructed of aluminium
- Overhead panels raise and lower with theatre's rigging and can be flown in fly tower when not in use

Dimensions

- Each Diva shell is built to fit a specific space.
- Panels shown feature 1.5m radius curve.
- Diva towers store compactly.

Please call us on +44 1892 619719 to locate your nearest technical specialist.

Forte Full Stage Acoustic Shell

Wenger

A cost-effective alternative to the Diva which still provides the same stunning visual effect. A perfect solution for small to medium size performance spaces that delivers impressive full-stage acoustics.

The Forte Acoustical Shell consists of side towers, rear towers and a ceiling structure to create an effective enclosure that reflects and diffuses sound. The result – musicians hear more accurately, conductors hear a truer mix of sounds and the audience experiences an outstanding acoustical effect throughout the auditorium.

- Easy and safe to set up; requires just 2 people
- No tools needed
- Reconfigurable
- Non-marking castors
- Variety of laminated finishes available
- Self contained on-stage transport method with braking mechanism
- Towers nest together when not in use to save valuable floor space
- Optional Access Door allows movement of instruments and performers on and off stage without having to move a tower
- Lighting option also available
- 2.4m wide panels
- 4.8m to 6m towers

Please call us on +44 1892 619719 to locate your nearest technical specialist.

Legacy Shell

Wenger Product Code: 186E301

Legacy features dense, rigid construction that enhances both the sound you and your musicians hear as well as the sound projected to the audience.

- Portable design is perfect for use between performance areas
- Safe one-person set-up in just minutes
- Two canopy styles: tapered for curved sets and rectangular for straight sets
- Both form solid overhead reflection
- H 295cm to 462cm W 180cm

Tapered Top

Wenger Product Code: 186E300

Wenger Product Code: 064A170

Wenger Sound-Isolating Practice Rooms

Concentrate fully on your music and practise without being disturbed or disturbing others. Ideal acoustical environment for uninterrupted instruction, rehearsal, recording and practice. Modular design allows for easy relocation. Many size options accommodate from one performer to ensembles up to 15 performers. Built in lights and wiring allow for uninterrupted and better sound isolation. Advanced ventilation system supplies complete air exchange every 2 minutes.

With the addition of VAE technology you can provide real-time recording and playback technology. Nine different acoustic simulations provide acoustic set-

tings of a variety of different practice environments; from Arena to Cathedral, simulations allow the students' progress to accelerate, developing the critical skills such as articulation, phrasing and intonation.

- Free-standing modular systems installed by expert Black Cat Music engineers
- Easily reconfigures or relocates within your facility and to new facilities
- Clean, aesthetically pleasing composite material walls
- Large, glass-panel acoustic door for easy monitoring
- Independent ventilation system
- Large fire-proof door for instruments and double door for grand piano
- Horizontal broadcast window and extra window panels in two sizes
- Direct heat/air connection to building ventilation

Wenger

Acoustic simulations panel

VAE Studio System

The Studio VAE Technology includes the following components:

- VAE digital processor
- Four speakers with fabric covers
- Two microphone wall absorber panels
- VAE control panel pedestal
- Cable, speaker wire and complete kit for installation.

Capable of record and playback of 9 sessions for one hour of total length.

Connection for optional foot controller that allows for hands-free operation.

Mini stereo output jack for real-time recording.

Presets for 9 distinct virtual acoustical environments:

- Practice room
- Baroque room
- Medium recital hall
- Large recital hall
- Small auditorium
- Medium auditorium
- Large auditorium
- Cathedral
- Arena

USB connection for uploading and downloading recorded programs.

For use in any music practice room up to 17m²
