THE MASTERSINGER FOLDER

A very remarkable folder with unique features specially designed for the singer. Just like our classic range, the Mastersinger is hand-stitched in luxury leatherette with brass-bound corners and, of course, it can be custom gold-blocked to include your emblem or crest.

But just consider these added features:

Metal-reinforced and hinged spine allows us to incorporate ten strings inside to organise and hold your music. Adds years of durability to the folder.

Hand-strap brilliantly slips onto your fingers so now you can hold your folder comfortably with one hand and follow directions more easily.

Inner cross-strap keeps the folder open at just the right angle and prevents music sliding out.

Size 10" x 12 1/2" (254mm x 318mm)
