

*"The Team Carts work out perfectly as mobile storage units. For Phy Ed, we use one Team Cart to hold the ropes, helmets and other equipment for our climbing wall. Everything is conveniently stored inside the mobile cart, which is lockable so we can keep it secure."*

*– Dave Harms,  
Athletic Director,  
Northridge High School,  
Middlebury, Indiana*

Northridge High School, Middlebury, Indiana

# GEARBOSS® STORAGE AND TEAM ROOM SOLUTIONS

**GearBoss High-Density Storage System**  
Pages 78-79

Team Carts™ and X-Carts™ provide flexible, modular storage. Team Carts are portable for easy transport to issue site, court or off-site competition.

**SportCart™**  
Page 79

Provides the flexibility of the X-Cart and Team Carts in a mobile version that can fit into and through smaller spaces.

**GearBoss II High-Density Storage System**  
Pages 80-81

Organize your athletic equipment with the new economical version of GearBoss High-Density Storage. GearBoss II offers a measure of similar storage features at a reduced price.

**GearBoss® Shelving**  
Pages 82-83

A durable and flexible shelving system for music, theatre and athletic programs. Shown with SportCart™.

**Customizable Wood Lockers**  
Page 84

GearBoss wood lockers are incredibly durable, highly aesthetic, and a big step towards improved sanitation.

**AirPro™ Lockers**  
Page 85

A new grille design offers superior ventilation, security, sanitation and aesthetics.

**Field Podium**  
Page 72

Take a commanding view of the action. The mobile Field Podium puts your coaches in position to be seen and heard.

**Mobile Kiosk**  
Page 86

Self-contained mobile merchandising kiosks allow you to be where your fans are. Pulls easily through doors and hallways. Sets up in minutes.

**Hydrate® Cart™**  
Page 87

The easy, safe way to keep athletes hydrated and at peak performance. Pulls easily through doors and hallways or hooks up to a utility vehicle.

**TranSport™ Cart**  
Page 87

Finally, a rugged equipment cart that can carry the big stuff out to the field. Plus it reconfigures to create a sturdy table.

Team Carts

X-Carts

## GearBoss® High-Density Storage

GearBoss high-density storage carts create more room in less space – improving space efficiency by as much as 50% – by using an innovative system of tracks and rolling carts. X-Carts are designed to move laterally on the track and stay in your equipment room. Team Carts are portable and engineered with retractable track guides so you can move the equipment around the room or off campus. No more wasted time running back and forth to the storage room. Every cart can be reconfigured for maximum storage. Bottom line – whether you choose the X-Cart or the portable Team Cart, you'll get a flexible sports storage system engineered to meet every challenge.

### USAGE

Easy to use, easy to access, efficient storage system can handle all of your uniforms and gear.

### PERFORMANCE REQUIREMENTS

- Convert traditional storage area into organized, secure high-density space

### CONSTRUCTION

- Available in two widths 32" (81 cm) and 48" (122 cm)
- Roller guides follow the track keeping the units aligned and are made of glass-filled nylon
- Intended for indoor use in normal ambient temperature and humidity conditions – must not be exposed to prolonged outside weather conditions
- Welded chassis made from 16-gauge, 14-gauge and 12-gauge components
- Upright support tubes constructed from large 2" (5 cm) diameter, 16-gauge steel tubing
- Resistant-welded heavy-duty steel wire grille end frames
- Durable powder coat paint finishes
- Variety of colors available for wire grille ends
- Heavy-duty 6" (15 cm) wheels provide easy movement
- Roof panel constructed from solid 5/8" (1.5 cm) thermofused wood composite and with aluminum extrusions is rated for a 150 lb (67.5 kg) load
- 32" (81 cm) wide x 78" (198 cm) long x 79" (201 cm) high
- 48" (122 cm) wide x 78" (198 cm) long x 79" (201 cm) high

### ORDERING INFORMATION

Please call your Wenger representative for consultation.

"With the GearBoss system, our equipment room is now a source of pride for our coaches and staff, rather than a dumping ground."

— Byron Olson, CAA, Activities Director  
Lakeville North High School, Lakeville, Minnesota

*“Organizationally speaking, I don’t think you can ask for a better system than GearBoss. It allows us to centralize everything together in one place. I believe the GearBoss system will save our high school money in the long run because of better organization, security and mobility.”*

*– Marty Udy, Athletic Director, Lower Lake High School, Lower Lake, California*

## GearBoss® X-Carts™

[CARTS THAT CREATE AN EQUIPMENT LIBRARY ON A TRACK]

Transforming your equipment room into an organized, clean, professional storage space is easy with GearBoss. Our rugged X-Carts create an efficient, smart system of storage that will save space, protect your equipment, and save you loads of time spent organizing. X-Carts roll laterally along a fixed aluminum track creating aisles between carts when you need to get at your equipment and closing back together when you don't. Carts can be configured with a full range of panels, doors and grilles in your team colors. You can also add accessories like doors, helmet hangers, shoulder pad stackers, hanger rods, shelves, dividers and more.

**Tracks** allow you to move your X-Carts laterally to create an aisle between carts, saving valuable space.

**Attic Addition**  
Engineered to maximize vertical storage potential. Two heights – 26" (66 cm) and 38" (97 cm) to stretch the limits of your ceiling.

**Extra-Duty Handles** can move a cart down the track or down the hall.

**High-grade aluminum knuckles** hold wire grilles in place and allow for locking carts together at fronts for cart content security.

## GearBoss® Team Carts™

[WITH SWIVEL CASTERS THAT CAN LEAVE THE TRACK]

Now it's easy to get your equipment out of storage and to the gym, practice area, parking lot or sidelines – without breaking a sweat. GearBoss Team Carts retain all the convenient storage benefits of X-Carts but are engineered to leave the track. Imagine all your gear organized on one or two high-density storage carts, traveling wherever it needs to go – and back again. Or park and lock your equipment in a temporary space, instantly creating safe, secure storage anywhere.

**Retractable Guides and Swivel Casters** on the Team Cart allow you to leave the track and easily transport equipment.

**Handles and Casters** let you move large amounts of equipment down the hall, through doorways, outside, on the trailer...

**Tracks** keep the carts in line allowing them to move laterally for easy access to stored equipment

## GearBoss® SportCart™

[SMALLER AND MOBILE, BUT STILL TOUGH AND VERSATILE]

Compact GearBoss SportCarts can be used as part of a larger GearBoss installation or as a mobile, stand-alone solution. They are designed for use in small spaces and for sports that require less storage. Four heavy-duty, 5" swivel casters make mobility a snap. The nimble SportCart will navigate narrow hallways, shorter door openings and most elevators. It's the small-space storage solution.

**Mobile storage on a smaller scale** - as a trainer cart, it's perfect for storing tools, medical equipment or other small items.

**Get innovative** and use it for storing things besides equipment like the snacks you sell at your concession stand.

**Accessories** like helmet and shoulder pad stackers not only help you organize better but they let your equipment breathe better.

# GEARBOSS® II HIGH-DENSITY STORAGE

## GearBoss® II High-Density Storage System

The newest high-density storage system from Wenger joins our successful Team and X-Carts in creating athletic equipment storage rooms that make better use of available space. With this new system you get the same space-saving organization as our existing carts in a simplified system with a budget-friendly price. You will gain more control over the time and money lost to poor organization, lax security and misplaced inventory. This storage system is simply a better way to care for your equipment investments.

**NEW**

### USAGE

Easy-to-use, easy-to-access, high-density storage system that rolls laterally on tracks to make the most efficient use of your storage space

### PERFORMANCE REQUIREMENTS

- Convert traditional storage area into organized, high-density space
- Fixed track system creates a movable aisle to maximize otherwise wasted space and allow interior access to the carts and surrounding area
- Intended for indoor use in normal ambient temperature and humidity conditions – must not be exposed to prolonged outside weather conditions
- Open grille design improves airflow and facilitates visibility

### CONSTRUCTION

- Dimensions: 32" w x 79" h x 72" d (81 cm x 2 m x 1.8 m)
- Welded chassis made from 16-gauge, 14-gauge and 12-gauge components
- Upright support tubes constructed from large 2" (5 cm) diameter, 16-gauge steel tubing
- Resistant-welded heavy-duty steel wire grille end frames
- Heavy-duty cast iron 6" (15 cm) wheels provide easy movement and keep the units aligned
- Durable powder coat paint finish
- Adjustable shelf included
- Options include garment bars, shelving and grille side closures
- 10-year warranty

# THE NEWEST HIGH-DENSITY STORAGE SYSTEM FROM WENGER

Helmets and pads don't need to be thrown in a bin or on makeshift racks. GearBoss has accessories that keep your equipment orderly and lets it breathe.

Hanger bars can be added with ease – now your jerseys can be orderly, fresh and wrinkle-free.

Depending on spacing, one cart can accommodate between 290 and 360 hung jerseys.

Load up the tops of the rack as well.

Carts butt up against each other without pinching fingers, then roll back apart with ease.

Moving the storage system is easy – even when fully loaded – thanks to the smooth cast iron wheels and track.

## STANDARD COMPONENTS

Cart includes integrated garment bar, one adjustable-height shelf and one 6' (1.8 m) floor track.

## OPTIONS/ACCESSORIES

- Additional shelves, garment bars, grille side closure panel, floor tracks, stop, lock

## CART PLACEMENT EXAMPLE:

Fill one end of a storage room wall-to-wall

**Grille Side Closure Panel**  
For added security in unlocked storage rooms.

**Floor Lock**  
A locking pin can keep GearBoss II carts from rolling – preventing access.

**Track Stop**  
Keep carts from rolling off the end of your tracks.

## GearBoss® Shelving

This is the affordable, flexible, durable solution for shelving storage and workspace needs. It works great for athletic, music and marching band storage; and theatre garment and prop storage. The cantilever design optimizes overhead space and keeps the floor free from supports for extra room. The system is so versatile it can be configured to your specific needs to make sure you get the maximum storage space.

### USAGE

Easy way to create durable storage for music, theatre and athletic programs

### PERFORMANCE REQUIREMENTS

- Cantilever design keeps the floor open for carts and flexible use
- Holes at 1" (2.5 cm) increments provide easy adjustability
- Each bay is load-rated at 1,000 lbs (450 kg) (if installation instructions are strictly followed)
- Spans doors and windows, if necessary
- Easy to install and relocate
- Shelves are adjustable by hand – no tools required
- Uprights and mounting brackets are zinc-plated to avoid rust

### CONSTRUCTION

- Available in bays 4'w x 8'h (122 cm x 244 cm)
- Shelf supports are 14-gauge 7/8" (2.2 cm) square tube-steel with silver powder coat paint finish
- Aluminum shelf fronts feature a 3/8" (1 cm) lip to retain a hardboard insert or work surface option
- 10-year warranty

### OPTIONS

- 17<sup>1</sup>/<sub>2</sub>" (44.5 cm) and 30<sup>1</sup>/<sub>2</sub>" (77.5 cm) depth shelves
- garment bar
- lock box
- work surface
- drawer

"Most of all, I love the ability to have a whole wall of shelving units and still be able to roll in my percussion equipment under the shelving units. As the program gets bigger, the amount of equipment that we will need to be storing will also change, and the GearBoss shelves can be adjusted, moved and rearranged to accommodate our needs as they change. With some of the percussion equipment being fairly heavy, I do not have to worry about the shelves becoming loose, or starting to tilt down due to a heavy item on the shelf."

– Jason Smith, Director of Bands,  
Skyline High School, Ann Arbor, Michigan

Before and after  
Skyline High School,  
Ann Arbor, Michigan

"The GearBoss solutions have worked out great – choosing GearBoss was a fantastic decision. Our football equipment room is neat and organized. We also store equipment for other sports in GearBoss carts and GearBoss shelving – across eight rooms. When you look at the GearBoss system, you know right away it's first-class."

– Kent Scott, Athletic Coordinator & Head Football Coach,  
Prosper High School, Prosper, Texas

**Versatile and customizable** Shelves are adjustable in 1" (2.5 cm) increments without tools.

**Compact storage** Two 4' (122 cm) bays and twelve 30.5" (77 cm) shelves can store 90-120 helmets.

**Create desktops and work centers** Optional worktops are 5/8" (1.6 cm) laminated hardboard. They're perfect for workbenches or creating a desk. Height adjustable. Add a metal pull-out drawer for tools and more. Available with 30.5" (77 cm) deep shelves only.

**Shoulder the load** 24 individually hung shoulder pads on six 30.5" (77.5 cm) shelves per bay offers maximum drying and shape retention.

## Customizable Wood Lockers

It's the new locker system that comes with built-in motivation. This spectacular new GearBoss design is everything you need to make a statement to every player and every recruit. Coaches will love how these lockers make it easy to apply your school colors and logo. Equipment managers will love how the open design promotes continuous airflow and easy cleaning to keep the entire team room in tip-top shape. Wenger will work closely with you to make sure your new GearBoss team room lockers fulfill your vision.

### USAGE

The ultimate team-building environment, combining unparalleled construction and high-end custom aesthetics with a new level of cleanliness.

### PERFORMANCE REQUIREMENTS

- Engineered with high-performance features that outperform and outlast wood veneers and cabinet-type construction
- Modularity means you can make unlikely replacements without breaking glues, dowels, or adjacent components
- Integrated bench seating eliminates the need for floor-mounted benches or folding chairs, saving valuable floor space
- Open design promotes airflow to encourage drying and reduce mildew and odor buildup and can be enhanced with optional fans

### CONSTRUCTION

- Highly durable  $\frac{3}{4}$ " (1.64 cm) thermofused composite wood core built to survive repeated rugged use in hardcore environments
- Closed-cell structure poly-laminate surfaces are easier to clean and more durable than wood veneer
- Antimicrobial powder coat paint and finishes use nano-silver technology that lasts the life of the product and creates a hostile, lethal surface for bacteria, viruses, mold, and mildew
- $\frac{5}{8}$ " laminated wood shelf and hinged seat
- Heavy-duty PVC edge banding maintains the integrity of the laminate surface and prevents chipping and separation
- Long-lasting bolt-through construction on connections, hooks, and doors
- Widths available in 2" (5 cm) increments from 18" (46cm) to 36" (91cm)
- Three available side shape configurations: contour, cutback, and straight
- Top cubby storage
- Through bolting to connect side-by-side units allows easy removal of a single locker
- Steel base mounting fixture provides natural ventilation and height adjustment to compensate for uneven floors

### OPTIONS

- Optional accessories include lockable cubby; additional storage cubbies; football helmet and shoulder pad topper; fans for topper; full electronics, including lighted name plate and duplex outlet; programmable digital lock; footlocker drying racks; backlit footlocker fans; hooks and garment bar configurations; more than one thousand ultimate configurations and the ability to match the entire system to your school's colors and branding.

### ORDERING INFORMATION

## AirPro™ Lockers

New GearBoss AirPro lockers give your team rooms the ultimate in ventilation, sanitation and space usage. They create team rooms that stand apart with a durable grid design and multiple color options. They mount off the floor for thorough cleaning and a sanitary team room. Integrated seats remove the need for space-consuming benches. AirPro lockers offer a level of functionality and aesthetics that simply can't be matched by press-metal lockers.

Grille Door

No Door

No Door  
with back

Wood Door

### USAGE

GearBoss AirPro lockers offer a fresh new alternative to traditional stuffy metal hallway and Phy Ed lockers, featuring an open design and a custom appearance.

### PERFORMANCE REQUIREMENTS

- Highly durable and easily adaptable to reflect your school's athletic traditions
- Open grid design promotes continuous airflow to encourage faster drying and keep contents free of mildew and odor buildup
- Open design permits easy visual inspection of contents
- Adjustable height shelf with three garment hangers
- Each locker includes an integrated bench seat, eliminating the need for floor-mounted benches or folding chairs saving valuable floor space
- Hinged seating opens to a sizeable storage compartment beneath each locker

### CONSTRUCTION

- Resistant-welded heavy-duty  $\frac{1}{4}$ " (.64 cm) steel wire grille sides, top, and under
- Upright support tubes constructed from heavy-duty 1" (2.5 cm) diameter 16-gauge steel tubing
- Four available widths: 15" (38 cm), 18" (46 cm), 24" (61 cm), 30" (76 cm)
- Mounts securely on wall 6"-8" (15cm-20cm) above the floor to further enhance ventilation and allow easy sweeping, mopping, and sanitation under each locker
- Also available in island configurations that securely mount to the floor on heavy-duty legs
- $\frac{5}{8}$ " laminated wood shelf and hinged seat
- Antimicrobial powder coated paint
- Three available configurations: open without door, lockable resistant-welded heavy-duty  $\frac{1}{4}$ " (.64 cm) steel wire grille door matched to your school color, lockable solid  $\frac{5}{8}$ " (1.5cm) laminated wood door with PVC edge banding
- 10-year warranty
- ADA-compliant

### OPTIONS

- No door, Grille door, laminated wood door or door ready
- Wall or island mount
- Security box in foot locker
- Helmet/shoulder pad topper
- Laminate back panel
- 15" (38 cm), 18" (46 cm), 24" (61 cm) or 30" (76 cm)
- Wide range of color options for wire mesh and laminate to coordinate with school colors

### ORDERING INFORMATION

Please call your Wenger representative for consultation.

Wenger is certified by GREENGUARD®

for our GearBoss storage carts and AirPro™ metal lockers. GREENGUARD is a product-certification program for low-emitting interior building materials, furnishings, and finish systems used in educational, office and other sensitive environments. [www.greenguard.org](http://www.greenguard.org)

"The AirPro lockers are working out great – they look good and are very functional. Our new locker room is becoming like a clubhouse for our kids; they hate to leave it sometimes. Because the lockers are mounted off the floor, we can sanitize underneath them very easily."

– Phil Datka, Football Coach, Germantown High School, Germantown, Wisconsin

Paul VI High School, Haddonfield, New Jersey

Germantown High School, Germantown, Wisconsin

**Innovative security**  
Hasp lock hardware is standard to secure the foot locker with the no-door open face configuration.

**A clean design**  
AirPro lockers are open underneath for easy cleaning. It eliminates nooks and crannies that collect dust, litter and germs.

**Under-seat storage**  
A hinged seat opens to reveal additional storage. An optional strong box keeps smaller valuables like wallets, watches and cell phones safe and secure.

## GearBoss Mobile Kiosk

The self-contained Mobile Kiosk helps you move beyond candy sales and car washes to stronger revenue generation. All of your logo gear is neatly secured inside the enclosed unit every time you move. The kiosk sets up in minutes. Eight removable bins allow different athletic programs, boosters or school clubs to keep inventory in their own bin. Great around stadiums, gyms, concerts and community events. The perfect solution for daily sales in high-traffic areas. One current customer doubled their annual spirit store revenue in three months!

### USAGE

Self-contained mobile merchandising kiosk allows you to follow your fans

### PERFORMANCE REQUIREMENTS

- Pneumatic wheels for easy rolling over many different terrains
- Pulls easily through doors and hallways with a handle that doubles as a hand brake for safe mobility
- Slat wall is reinforced with aluminum channels to accept heavier loads

### CONSTRUCTION

- Heavy-duty chassis construction made from 16-gauge components
- Aluminum canopy
- 42" (107 cm) counter height
- Retractable legs for additional stability outdoors
- Sliding lock bar secures contents with a single-owner padlock
- Front fold-down doors and side fold-out doors
- Closed dimensions - 72"w x 31"d x 77"h (183 cm x 79 cm x 196 cm)
- Open dimensions - 119 1/2"w x 58"d x 90"h (304 cm x 147 cm x 229 cm)
- 8 bins per cart: 14 3/16"w x 27 3/4"d x 11 1/8"h (36 cm x 70.5 cm x 28 cm)
- Display Panel Measurements: Side Doors - 26 3/8"w x 61"h (67 cm x 155 cm); Back Wall - 62 5/8"w x 31 3/4"h (159 cm x 81 cm)
- Slat Wall Starter Kit includes 1 wire basket, 2 clothing waterfalls, 18 hooks
- Weight (empty) 550 lbs (249.5 kg)
- 5-year warranty

### OPTIONS

- Electronics kit: ceiling track lights (2ft. track with 2 lights), 7-outlet plug strip
- Additional storage bins

### ORDERING INFORMATION

"Booster sales have skyrocketed with the Mobile Kiosk! We take it everywhere - both inside and outside school - from football games to PTA meetings. It makes storage and transportation light-years better. The Kiosk displays everything nicely; it looks like something you'd see in a shopping mall."

- William C. Baxter, Athletic Director, El Camino High School, Sacramento, California

## GearBoss Hydrate® Cart

Our GearBoss Hydrate Cart is the easy way to keep athletes or band members hydrated when performing outside. Extremely rugged, it pulls easily onto a field or hooks up to a tractor with the heavy-duty pin-hitch. The 50-gallon tank features eight drinking stations that maintain strong pressure. It's easy to fill, easy to run, and easy to use. Use it to reduce program liabilities and eliminate unsanitary bottles and coolers. No other mobile hydration system can match the performance, durability, or overall value of the GearBoss Hydrate Cart.

### USAGE

Keep students hydrated when out on the field or on the parade route

### PERFORMANCE REQUIREMENTS

- Heavy-duty aluminum frame is virtually indestructible
- Bottom-draining valve assures no fluid is left in the tank after draining
- Wide nozzle creates flow similar to a water fountain
- Frame is guaranteed for 5 years
- 50-gallon, FDA-approved tank
- Eight drinking stations
- Four stations per pump keeps pressure strong
- Easy to fill with a hose
- Two FDA-approved SHURflo® pumps powered by a large 12 volt 33 amp sealed fiber-mat battery provide extended use
- Can last up to a week on one battery recharge

### CONSTRUCTION

- 32" (81 cm) wide x 62" (158 cm) long
- Quick-release FDA-approved hoses and fixtures
- Large, sealed-bearing turf tires
- Bottom-draining valve
- Full weight is 650 lbs (293 kg) – empty weight is 205 lbs (92 kg)

*"I've looked at other water carts on the market and I think the GearBoss Hydrate Cart tops them all. It's durable, handles well and is easy to move on grass, turf and gravel."*

— Frank A. Mas-trangelo, LAT, ATC, EMT, Certified Athletic Trainer, The Dexter and Southfield Schools, Brookline, Mass.

### ORDERING INFORMATION

241A002 Hydrate Cart, 205 lbs (92 kg) .....\$2,227

Handle allows the Hydrate Cart to be pulled through doorways or even hooked up to a utility vehicle.

Fill with a hose through the large opening on top of the Hydrate Cart. A valve at the bottom of the 50-gallon tank lets you empty it just as fast.

## GearBoss TranSport™ Cart

From the facility out to the field or into a truck, it has never been easier to move performance equipment wherever you go. When you get there, it transforms in seconds to a rock-solid table to serve all kinds of needs at your events. Like all Wenger products, the TranSport cart is built to last.

### USAGE

- Transport gear within a facility and outdoors
- Converts to a table for use as a work surface, sideline table, trainer's table w/ 1,000 lbs load capacity

### PERFORMANCE REQUIREMENTS

- Pneumatic wheels for easy rolling over many different terrains
- Comfort-grip pull handle transitions to pin-hitch for slow-moving motorized vehicle
- Front wheels turn on central, permanently lubricated bearings and king-pin

### CONSTRUCTION

- Heavy-duty chassis construction made from 16-gauge components
- Powder coat paint and finish for long-wearing durability
- Aluminum deck finished in UV- and chemical-resistant powder coat
- End braces fold flat to deck for storage and rotate under deck to function as table legs
- 15 1/2" (39 cm) storage height; 32" (81 cm) table height
- 30" w x 66" l (76 cm x 168 cm) deck. 71 1/2" (182 cm) total length
- Dynamic max. load rating 1,000 lbs (454 kg)
- Weight (empty) 150 lbs (68 kg)
- 5-year warranty

### OPTIONS

- Heavy-duty mesh cart wrap encloses loaded cart and quickly snaps on and off

*"We use two TranSport carts in the fall at the football field, for us and the visiting team. We'll haul equipment with the carts and then set them up as training tables. The carts are also used indoors for hauling stuff around from one place to another, like for concessions."*

— Dave Harms, Athletic Director, Northridge High School, Middlebury, Indiana

### ORDERING INFORMATION

240A003 TranSport Cart, 150 lbs (67.5 kg) .....\$1,639  
 240A346 TranSport Cart Wrap, 5 lbs (2.3 kg) .....\$115

(above) The TranSport Cart folds flat to 15 1/2" (40 cm) profile when not in use. Designed to fit into a bus undercarriage.

(left) The tow bar and the optional heavy-duty mesh wrap make pulling behind a utility vehicle easy.
