

RACK 'N ROLL™

COSTUME RACK

Load it up and move it out.

The Rack 'n Roll from Wenger is a rugged costume rack that rolls easily even when fully loaded. Available in 4' (1.2 m) and 6' (1.8 m) lengths, Rack 'n Roll is designed for years of trouble-free service. Top and bottom shelves are made of welded steel grill construction. A 12-gauge, 1" (2.5 cm) round hanger bar accommodates heavy full-length costumes, uniforms, and other garments. The top shelf, and a basket that folds flat when not in use, is ideal for storing smaller items such as hats, props and boots. Four all swivel, non-marking casters make it extremely maneuverable, greatly reducing the time required to transport items from long term storage to stage level. Both 4' and 6' long models fit through a standard 32" (81 cm) door. And Rack 'n Roll is easy to set up or take apart for storage. Pieces fit together securely without the use of tools.

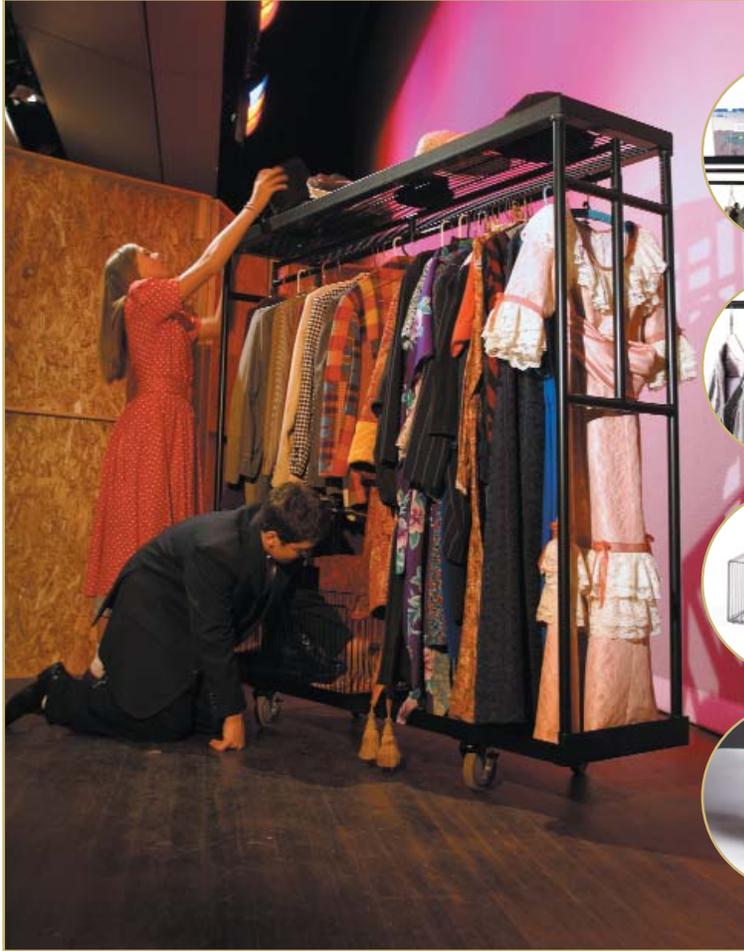

The Rack 'n Roll Costume Rack from Wenger - As committed to the quality of our products as you are to your craft.
