

MOVE & STORE CARTS

Two smart sizes, one convenient result.

Wenger's new move and store carts give you several options for the safe, stable transport of all your music stands.

Our Large Cart features a center pivot point and slightly raised outside wheels that give you exceptional control and maneuverability. The smaller wheels create a smoother ride up ramps and over thresholds, with increased control around corners.

Our Small Move and Store Cart is compact with a space-saving footprint. It's also easy for one person to handle, even fully loaded and going up and down stairs.

Together they solve all your moving and storage needs. You might consider a practical — and popular — combination: Use a small cart for transporting and several larger carts for storage.

MOVE & STORE CARTS

Even fully loaded, the Large Cart is easy to handle and the heavy-duty construction means a smooth, solid ride.

The Small Move & Store Cart is designed to tilt back smoothly and safely, allowing one person to handle a full load with ease.

With a center pivot point and slightly raised outside wheels, the Large Move & Store Cart offers exceptional maneuverability.

Pick up a long-shaft padlock — available at any hardware store — and give your Wenger Move & Store Carts added cost-efficient security. Plus, the padded handles add total comfort and control.

Lightweight even when fully loaded, the Small Move & Store Cart is easily moved up and down stairs.
