

# TRAVELMASTER SHELL

***Consistent acoustics wherever you go.***

When you're out on tour, even your finest performances can suffer from poor acoustic venues. But Travelmaster Acoustical Shells allow you to take a familiar acoustical environment with you wherever you go. The sound reflection helps musicians hear themselves — and the rest of the group — so tone, timing and balance can be perfect in any environment.

Plus, Travelmaster Shells are easy to transport and set up is simple, so they go just about anywhere. And they store in an extremely small space.

# TRAVELMASTER SHELL

Travelmaster Acoustical Shells are designed to work perfectly with Wenger Seated Risers, as well as Wenger Signature and Tourmaster 2000 Choral Risers. The arrangement shown here features a classic semi-circle configuration of five seamless Tourmaster choral risers.

## Travelmaster Sets

A Travelmaster Acoustical Shell Set can be tailored to suit the size of your group. The layouts below only represent some of the sets available. Your Wenger representative will help you choose the appropriate number of standard and filler panels for your performance needs.

Travelmaster Band/Orchestra Sets	Travelmaster II Choral Sets
<p>Group Size: 100-110 16 Base Panels 13 Filler Panels L785</p>	<p>Group Size: 82-112 7 Base Panels 6 Filler Panels L555</p>
<p>Group Size: 85-96 15 Base Panels 12 Filler Panels L775</p>	<p>Group Size: 72-96 6 Base Panels 5 Filler Panels L545</p>
<p>Group Size: 60-75 12 Base Panels 9 Filler Panels L745</p>	<p>Group Size: 60-80 5 Base Panels 4 Filler Panels L535</p>
	<p>Group Size: 48-64 4 Base Panels 3 Filler Panels L525</p>
	<p>Group Size: 36-48 3 Base Panels 2 Filler Panels L515</p>

Travelmaster sets consist of alternating Base Panels and Filler Panels.

The Base Panels — large, reflective, geometric shapes with folding legs — interlock with the Filler Panels for consistent sound and stability.

The Travelmaster Move & Store Cart was specially designed to make moving Travelmaster easy for just one person. The safe, smooth-rolling cart holds five base panels with legs and four filler units, typical for a 60- to 80-member choir or a small ensemble.

And it requires only 70" w x 29" d x 47" h of storage space.
